BARTCO

SOSEC 200+

TRIED. TESTED. TRUSTED.

The new SOSEC 200+ is a fully solar-powered, tough, portable barrier for wider entrance/exit points. Because safety should always be a priority. It's the same SOSEC barrier that's been securing construction and infrastructure sites for nearly a decade PLUS key new advancements.

ENHANCEMENTS

The tried and trusted SOSEC 200+ barrier remains the same as the 200 which has been securing sites for nearly a decade and was the first mobile solar barrier in the UK. It is built to meet UK regulations for barriers and gates and comes with auto exit, safety beam and is 24/7/365 solar. It can be fully customised with different access control options to suit individual site requirements.

KEY FEATURES

IMPROVED - SOLAR EFFICIENCY FOR MORE USAGE

EXTENDED - 7M BARRIER ARM FOR WIDER ACCESS POINTS. ENHANCING CONTROL & COVERAGE FOR LARGER ENTRYWAYS

UPGRADED - SOLAR MOUNT & MAST DESIGN FOR IMPROVED EASE DURING INSTALL & REPOSITIONING

RUGGED - BUILT TO WITHSTAND THE DEMANDS OF HEAVY USE AND HARSH CONDITIONS OFFERING LONG-TERM RELIABILITY
